Prepare for the Oracle Cloud Infrastructure 2024 Architect Associate Exam

If you're looking to advance your career in *cloud computing*, preparing for the **[Oracle Cloud Infrastructure 2024 Architect Associate exam](#)** is an excellent step. This exam covers everything you need to know to get certified and to excel in OCI. In this guide, we'll provide some tips and resources to help you succeed.

Understand the Oracle Cloud Infrastructure

Before diving into the exam itself, it's essential to understand **Oracle Cloud Infrastructure** and its key components. This includes *computing*, *storage*, *networking*, and *database services*. Familiarize yourself with the architecture and how various services interact with each other.

Overview of the 1Z0-1072-24 Exam

The **[1Z0-1072-24](#)** exam is designed to evaluate your knowledge and skills in managing the **Oracle Cloud Infrastructure**. Make sure to review the exam objectives and focus on the areas that carry more weight in the scoring. Understanding the format of the exam, including the types of questions you'll encounter, is also crucial.

Oracle Cloud Certification Benefits

Obtaining an *Oracle Cloud certification* can significantly enhance your resume. It showcases your expertise in *cloud computing* and can give you an edge in a competitive job market. Certified professionals often have better opportunities for promotions and salary increases.

Prepare with Oracle Cloud Training

Effective training is critical for success. Consider enrolling in **Oracle Cloud training courses** that offer a structured approach to learning. Various formats are available, including *online courses*, *in-person classes*, and *virtual training labs*.

Explore Oracle Certification Resources

Take advantage of the available certification resources. These can include *study guides*, *practice exams*, and forums where you can interact with other learners. Engaging with the community can provide additional insights and tips for passing the exam.

Study Strategies to Ace the Exam

Here are some study strategies you can employ:

- Set a study schedule and stick to it.
- Use flashcards to memorize key concepts and terminologies.
- Participate in study groups to share knowledge and resources.
- Take practice exams to gauge your understanding and readiness.

Hands-On Experience

Nothing beats **hands-on experience**. Try creating and managing resources in **Oracle Cloud**. Experiment with various services to understand their practical applications. This practical knowledge is invaluable during the exam.

Day Before the Exam

On the day before your exam, ensure you're well-rested. Avoid cramming, as it can lead to confusion and fatigue. Instead, do a light review and relax. Prepare your identification and any necessary materials for the exam day.

Conclusion

In conclusion, passing the **Oracle Cloud Infrastructure 2024 Architect Associate exam** can open many doors for your career in *cloud technology*. By understanding the exam structure, utilizing training resources, and gaining practical experience, you will significantly increase your chances of success. Good luck with your preparation!

Real Exam Questions 2025

Below given questions are for demo purposes only. **The full version** is up-to-date and contains actual questions and answers.

Why Choose CertKillers?

Actual Exam Questions: We provide real exam questions updated regularly.

Exam Dumps: Downloadable PDFs with comprehensive questions and answers.

Weekly Live updates: Study Material questions and answers - Live updates.

Practice Tests: Practice tests and VCE PDF to assess your readiness.

Multi-Lingual Support: Full Version products available for download in all popular languages.

Success Guarantee: Pass your exam on the first attempt or get a refund.

Up-To-Date Test Questions: Up-to-Date Test Prep Questions that cover 2025 syllabus.

Instant Download: Instant download after successful payment.

Question: 1

A financial firm is designing an application architecture for its online trading platform that should have high availability and fault tolerance. What should the architect do to avoid any costly service disruptions and ensure data durability?

A. Create a new Object Storage bucket in another region and configure recycle policy to move data every 5 days.
B. Create a replication policy to send data to a different bucket in another OCI region.
C. Create a lifecycle policy to regularly send data from the Standard to Archive storage.
D. Copy the Object Storage bucket to a block volume.

Answer: B

Question: 2

Which TWO statements are TRUE about Private IP addresses in Oracle Cloud Infrastructure (OCI)?

A. By default, the primary VNIC of an instance in a subnet has one primary private IP address and one secondary private IP address.
B. Each VNIC can only have one private IP address.
C. By default, the primary VNIC of an instance in a subnet has one primary private IP address.
D. A private IP can have an optional public IP assigned to it if it resides in a public subnet.

Answer: C, D

Question: 3

What happens to the performance level of a volume when it is detached from an instance?

A. The performance level is adjusted to Balanced.
B. The performance level remains unchanged.
C. The performance level is adjusted to Higher Performance.
D. The performance level is adjusted to Lower Cost (0 VPUs/GB).

Answer: D

Question: 4

Which compute capacity type would you select to meet these requirements?

A. Capacity reservation
B. Preemptible capacity
C. On-demand capacity
D. Dedicated host

Answer: D

Question: 5

Which TWO options will accomplish a fully redundant connection from an on-premises data center to a Virtual Cloud Network (VCN) in the us-ashburn-1 region?

A. Configure a Site-to-Site VPN from a single on-premises CPE.
B. Configure two FastConnect virtual circuits to the us-ashburn-1 region and terminate them in diverse hardware on-premises.
C. Configure one FastConnect virtual circuit to the us-ashburn-1 region and the second FastConnect virtual circuit to the us-phoenix-1 region.
D. Configure one FastConnect virtual circuit to the us-ashburn-1 region and a Site-to-Site VPN to the us-ashburn-1 region.

Answer: B, D
